BAND CAMP TIPS

- Wear comfortable clothes. Be prepared for hot, sweaty weather (think deodorant, shorts or undergarments that prevent chaffing, t-shirts that protect from the sun and wick moisture, etc.).
- Wear athletic shoes and socks for **ALL** outside rehearsals.
- ***Students must bring a full, insulated water jug (Coleman, Igloo, Yeti, etc.) - quart or ½ gallon- to all camps and practices. NEW THIS YEAR: Each student will be issued a personal water jug at camp. Stay tuned for more info!***
- Wear a hat and sunglasses in the morning (we are only outside until noon, don't have a cow!).
- Apply sunscreen thoroughly. The rest of the week can be miserable if you get sunburned on Monday.
- Drink extra water in the evenings. Your body will need extra fluids this week.
- Eat a good, healthy breakfast every morning. You need fuel for rehearsals.
- Bring a good, healthy lunch every day. ***Students are not allowed to leave campus except for extenuating circumstances.***
- Remember to practice regularly over the summer. You will need strong chops and good endurance for this week.
